## CEWA & WACOSS Members' Consultation: The Sustainability of Community Services in WA - Thu 5th Aug

Community Employers WA (CEWA) and the Western Australian Council of Social Service (WACOSS) proudly invite you to a Members' Consultation on ensuring the sustainability and building the capacity of community services in WA.

This year, the purpose of the annual Pre-Budget Submission consultation is slightly broader than usual, as WACOSS is also seeking feedback from members to inform the development of our 2016-19 Strategic Plan ([you can look back at the Council's 2012-2015 Strategic Plan here](#)).

[Click here](#) to register and for more information.

## WACOSS Regional Members Consultation: Geraldton - Thu 6th Aug

Each year around this time, WACOSS invites members to a range of consultation events (held in both metropolitan and regional areas) as a means of hearing directly from the community sector about their issues, concerns, and priorities. The Council uses this information and feedback to inform its policy and advocacy priorities for the coming year, including the

preparation of the Council's annual Pre-Budget Submission to the State Government.

This year WACOSS is also seeking feedback from members to inform the development of WACOSS' 2016-19 Strategic Plan (you can look back at the Council's 2012-2015 Strategic Plan here).

## **United Nations Post 2015 Development Agenda - Fri 7th Aug**

In 2000 the UN adopted the Millennium Development Goals (MDGs) as the global development agenda from 2000-2015.

The MDGs enjoyed great global awareness and support at the turn of the century, due to large scale public campaigns at the time, such as Make Poverty History. The MDGs have also had very mixed success. On one hand there has been real headway in reducing extreme poverty and hunger, and reducing communicable disease.

On the other hand, they have had very limited success at reducing inequality and crippling debt, achieving gender equity, reducing vulnerabilities to climate change, droughts, flooding and famines, or creating more sustainable global economic systems.

The Sustainable Development Goals (SDGs) are intended to serve as the new global agenda from 2016-2030, replacing the MDGs which expire at the end of 2015.

Come along to hear Irina Cattalini, CEO of WACOSS explain how civil society is shaping the new agenda and why it will be important to our work here in Western Australia.
