FRIDAY 25 TH SEPTEMBER 2010

Get a website for \$500! Use the WACOSS J2C “Simple Website” Builder Service:

This service will provide community service organisations with an easy to use 5 page web site.

It is ideal for small to medium sized organisations, especially who want to have a presence on the internet with their own organisation homepage. It is also an opportunity for organisations that rely on volunteers for IT support to get professional support at an affordable rate.

We would love to support rural community service organisations! How can we help?

What you do, what we do

You make some design and budget decisions. Register your own domain name, make available photographs, text, articles and logos ready to go and know what colours and fonts you prefer.

We will provide a 5 page website, uploaded with your content, and a user manual so that you can easily update it yourself.

Please contact Eira for more information. Email eira@wacoss.org.au or call 9430 8200 for more details.

ACT now –this offer cannot last!

(Do you want a more complicated website –let us quote on your specifications)
