### General WACOSS News

## WACOSS 2016 Pre Budget Submission Consultations - Registrations Open

Each year the Council submits a Pre-Budget Submission to the State Government. It highlights priority areas for service funding for the next State Budget on behalf of the community services sector. It's one of our most effective tools for influencing our State Government's decision making.

It provides a high level analysis of the key priorities of the community services sector, which we are seeking to have addressed by the WA Government through the State Budget.

This year things are a little different, as 2017 is a State Election year. This means that the most likely source of commitments to funding new initiatives will be the election promises delivered by the incoming government.

Our submission will provide advice to government agencies and seek to influence their decision making as usual, but our 2016 PBS Consultations will also form the basis for building the community sector's 2017 Election Policy Platform.

We are holding a number of issue-based consultation forums – face-to-face workshops in the mornings and webinars for regional services in the afternoons.

## New and Improved Online Emergency Relief Directory

Major changes in Emergency Relief funding have made it more challenging for ER agencies and the wider community to know what support is available and where they can go to get it. Thanks to Lotterywest, WACOSS launched the State's first interactive online directory of services on **April 6th 2016**. The directory is for use by the sector, and was requested by the State Emergency Relief Committee as a means to address the ongoing challenge many organisations have of keeping up-to-date information on other agencies and their resources to support service referrals. The Directory will be integrated with the [DropIN](#) platform, meaning that agencies will not need to create a new log in account for yet another new system, and will

allow agencies to update their service information in real time.

For more information, or to put your agency on the invite list, please contact **Bernie Fisher** at [bernie@wacoss.org.au](mailto:bernie@wacoss.org.au) or by calling **9420 7222**

## **ASeTTS Keys to Diversity Training Programs**

People working with migrants and refugees now have access to two new online resources to help them better understand their clients, and better meet their clients' needs.

*Unlocking Cultural Diversity* is a six-part program that uses personal reflection, family history and migrant stories to prepare staff and volunteers to work in a culturally aware and culturally secure way with people of any cultural background.

*Working Effectively with People from a Refugee Background* is a four-part program that uses powerful refugee testimony and a range of engaging exercises to prepare staff and volunteers to better understand the backgrounds and special needs of refugee clients.

The resources have been trialled by four regional and nine metropolitan organisations and feedback has been very positive. ASeTTS engaged Fortis Consulting to develop and deliver this online project working closely with the Office of Multicultural Interests, WACOSS and a Reference Group representing a wide cross-section of community and Government organisations.

Try the courses for yourself at [www.keystodiversity.com.au](http://www.keystodiversity.com.au). For further information contact [executive@asetts.org.au](mailto:executive@asetts.org.au).
